Writing Inequality Solution Sets

1. Write the solution set:

2. Write the solution set:

3. Write the solution set:

4. Graph the solution set: $x < 6$ and $x \geq -3$

5. Graph the solution set: $x > -2$ and $x > 5$

6. Graph the solution set: $x < 0$ and $x > 8$

7. Graph the solution set: $x \leq 7$ or $x < 1$

8. Graph the solution set: $x < 4$ or $x > 0$

9. Graph the solution set: $x > 6$ or $x < -2$
